About this Rules Packet

This rules packet contains all the information needed to participate in the 2010 BattleForge Games Flames of War Tournament Season. If, at any time, this packet is updated, a notice will be posted on the <http://www.battleforgegames.com> web site indicating the change in status. Any other updates will also be noted on the web site (e.g., changes to the schedule).

What You Need to Bring with You

- Your painted miniatures
- At least two copies of your army list (which must be typed)
- Rulebooks and any additional books you need
- Pen and paper
- Dice and templates
- Tape measure
- Super glue (accidents do happen!)

How the Tournament Works

- Competitors will participate in three (3) games over the course of the day. In each game, you will play a scenario and record the outcome of the battle on your results sheet. Each round you will play a different opponent.
- In the first round, players will be matched up randomly. After the first round, players will be matched up according to current rankings in the tournament (e.g., the player in first place will play the player in second place and so on).
- The only exception is that you can never play the same opponent twice in the tournament. If, for some reason, you are paired against someone you have already played, alert a judge who will see about moving you up or down a spot on the tables so that no delays in game play occur.
- The pairings for each round will be posted as soon as they are determined. **Please be sure to arrive at your table ready to play and on time.** We ask that each player be conscious of the time and that you play at a regular and steady pace to complete the game. Anyone found slow playing or deliberately stalling for any reason will be penalized.
- Each game will be played on a 4' x 6' board
- Players will receive Results Sheets at the beginning of each round. Each results sheet must be filled in properly to ensure that matchups and points totals are correct. Once Results Sheets are

completed they are to be turned in at the head table so the scores can be entered into the computer.

Important!

All participants, be advised: please understand that all judges' rulings and decisions are final. This applies to rulings during games as well as all matters of health and safety. Arguing with judges about their decisions will not be tolerated. Judges have the right to penalize players' tournament points if the player is being unruly and argumentative. A player who continues to argue and not abide by a judge's rulings may be ejected from the event.

This is just a warning to all participants – play fair and have fun!

Rules of Engagement

Registering and Army Rosters

When you arrive at the tournament, you will first check in to the event. Here, the judge will assign your table number for round 1. At this time, players must also turn in a copy of their army lists to the organizers. These rosters will be checked throughout the day. If the judges find any errors in the composition or points of the roster, that player will be approached by the judges and his score will be penalized for the errors in the list. Please be sure to check and double check your lists so you do not receive any penalties! **All lists should be typed or written very neatly! Please make sure we can read them!**

Please remember that the point limit for the game in question is set in stone. You cannot go over this limit in any way. You may be under the points limit, but you cannot go over. **All copies of your army list should have your Name on them.**

Army Selection – Flames of War

No more than 1,750 points may be spent on the creation of your army.

All currently in print books usable during the late war period may be used

All PDF lists found on the flames of war website (www.flamesofwar.com)

Battles

The BattleForge Games tournament consists of three (3) games of Flames of War for each player. The Flames of War Rulebook will be in use for all games and will be the definitive guide for all rules. The time limit for each game is 2 hours or 30 turns. At the end of this time limit, the round will be called; all players will need to finish their game immediately, and no additional time will be provided. For each game, players will play a scenario. Each scenario has a set list of Special Rules and other information. Players will be informed at the beginning of each round as to which scenario will be used.

The Scoring System

There is a possible 91 points that you can earn in the two different types of tournaments.

These points are broken down into Battle Points and Painting Points there will also be a variable amount of bonus points available each round.

Battle Points

For each game, you will score between 0 and 14 points. These points are determined by accomplishing objectives listed in each mission. They will fall into three categories of value:

Primary (7): This objective will be the main focus of the mission and will be worth 12 Battle Points. This objective can never be achieved by both players. If both players meet the objective neither player receives it. In the case of a tie both players will receive 3 points.

Secondary (4): This objective is secondary to the main objective but still important to achieving victory. This objective can sometimes be achieved by both players. Check the mission sheet to see if it can be completed by both players.

Tertiary (3): This objective is the least important but can turn the tide in the long run. This objective will always be able to be shared by both players if they complete it.

Painting Points

Your army is will be judged on its paint job during the day for 5 total possible points. The head judge will judge the painting.

The scores break down as such

- 0- Army is completely unpainted, or just primed
- 1- The player has begun painting the army, but only a few models have been painted
- 2- 0-25% of the army is painted to a three color standard
- 3- 50-100% of the army is painted to a three color standard
- 4- This army is 100% painted and is painted to a good tabletop standard
- 5- This army is 100% painted and is painted to an exceptional standard.

Bonus Points

You will be given the opportunity to earn bonus points throughout the day during each round.

Judge's Discretion (1): The judge may elect to give one player one bonus point at their discretion.

Penalties

Players may be docked points by the judges if they are deemed to be argumentative or disruptive to the other players. This measure will only be undertaken in the most serious of cases, but we wanted to make sure it was known to all the players that this is a possibility. The following actions can result in a penalty

Players who turn in any non-typed army list, or do not have a spare copy:-5 pts

-Players who are late -5pts

-Players who display particularly unsportsmanlike conduct -10 pts.

Awards

At the end of the tournament, there will be an Awards Ceremony to highlight the achievements of the day. This part of the event will be the final activity at the end of the day. We will be awarding 1st Overall, 2nd Overall and either 3rd Overall

Non BattleFront Minis

Non BattleFront models are not allowed in BattleForge Games Tournaments with the exceptions of four (4) aircraft or infantry stands.

2010 Tournament Series Scoring System

Each player will receive points towards their 2010 Tournament Score. Playing in BattleForge Games events will give points to all participants and extra points for doing well at these events.
